Sandy Beach | Playa de Arena

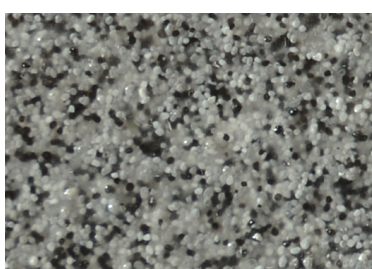

Sandstone | Arenisca

Forest | Bosque

Moonlight | Luz de Luna

Ash | Ceniza

Granite | Granito

Color selection is only to be used for color approximation. Any colors specified should be based on physical samples.

Onsite mockups provide the most accurate results. Colors may come in gloss or matte finish contingent upon the urethane sealer final coat.

La selección de color solo se debe utilizar para la aproximación de color. Cualquier color especificado debe basarse en muestras físicas. Las maquetas in situ proporcionan los resultados más precisos. Los colores pueden tener un acabado brillante o mate dependiendo de la capa final del sellador de uretano.
